Remains Found:
Pulaski County, MO

On October 26, 2013, the skull of an 8-13 year old child was discovered on private property near the intersection of Hwy 28 & Hwy D in Pulaski County, MO. The skull is missing the lower jaw.

An Anthropological Report was unable to determine the gender of the remains or time of death.

MtDNA profiles were developed and have been submitted to CODIS. Limited dental charting is also on file.
